### **NEWS ALERT: Re-Introducing RIOC: Transparency**

*New Capital Projects Tracker provides updates for residents and stakeholders.*

(August 14, 2019 – Roosevelt Island, NY) As part of its ongoing '**Re-Introducing RIOC**' initiative, the corporation has been regularly featuring stories about its people and the various projects that play a role in RIOC's mission to serve the public. Transparency in government is one of Governor Andrew Cuomo's most important initiatives, which is why we are happy to announce that we have placed the new 'RIOC Capital Projects Tracker' on our website.

The tracker will follow all ongoing capital projects from the first stages of the planning phase through the very end of the construction phase. It is modeled somewhat after a similar feature on the NYC Parks website, though not as advanced. At some point in the future, staff may be able to add more features to the tracker, but for now, the information is available to all residents and stakeholders by visiting the new Capital Programs page on our website and clicking on 'RIOC Capital Projects Tracker'. Or they can visit it by clicking [here](#).

We look forward to hearing your feedback on this exciting new step in our ongoing bid to Re-Introduce RIOC to the community we serve.
