

# RE-INTRODUCING RIOC

## CAPITAL PROJECTS

### OCTAGON PARK PHASE II WORK BEGINS SEPTEMBER 4, 2019

Beginning Wednesday, September 4, 2019, the comfort station and adjacent paths of Octagon Park will be closed until Summer 2020. Two temporary toilets, including one ADA accessible unit, will be installed for public use while the comfort station is closed.

This second phase of the Octagon Field and Comfort Station improvements will reconstruct paths and seating areas to meet ADA requirements, reconstruct the bathrooms, provide a new shade pavilion near the bathrooms, install new spectator seating and upgrade the planted areas.

RIOC is coordinating with the Phase 1 team to ensure safe operations throughout the site. **Ongoing Phase 1 improvements to the field are expected to be completed on schedule in late September.** Once the field reopens, fencing and other temporary measures will be adjusted to allow people to access the field safely.

We appreciate your continued patience and cooperation while we make these improvements. If you see any unsafe activities at the construction site, please contact PSD at 212-832-4545 or report it by using our Occupant Help Center at <https://rioc.tikkit.us/login>
