NEW BUSINESS ITEM #1

The first item of new business was the authorization to enter into contract with Langan Engineering for design services in connection with the Steam Tunnel Project.

Ms. Gretchen Robinson, RIOC’s Vice President and General Counsel explained the need to enter into contract with Langan Engineering (“Langan”). She explained that the condition of the steam tunnel has deteriorated throughout the years and that the steam tunnel became a public health and safety issue, which needs to be addressed.

Langan received the highest evaluation score of three bidders particularly in the areas of “Experience and Qualifications” and “Ability to Perform Required Services”. Through its proposal and interview, they demonstrated the best approach and understanding of the project, schedule assessment and work plan to meet RIOC’s needs. Langan received the highest cumulative score while offering the lowest price.

Ms. Robinson recommended that the Board of Directors authorize entering into contract with Langan Engineering to provide services for the Steam Tunnel Design for a total amount of $429,000 with a 15% contingency of $64,350 bringing the total authorized not-to-exceed amount to $493,350.
