

Roosevelt Island Tram Modernization Project

Tram Service Suspended

March 1st – August 31st

Why is this work necessary?

This project will modernize the Tram by allowing the cabins to operate independently, providing benefits such as:

- Improved rush-hour service
- Increased reliability
- Uninterrupted service during maintenance
- Better energy efficiency

Alternate Service:

- RIOC will provide Red Shuttle Bus service to Manhattan as well as to Queens Plaza. Transfers include:

Queens

Queens Plaza Station 

   

Queensboro Plaza Station

  

Manhattan

63rd St - Lexington Ave. 

59th St - Lexington Ave. Station

     

- In the event that the  train is not in service, the Red Shuttle Buses will run on a half-hour schedule.
- The MTA will continue to provide Q102 bus service on Roosevelt Island.
- For further information, please refer to the RIOC website at <http://rioc.ny.gov>.

We are sorry for the inconvenience, but the work will be worthwhile.
